

# CT AEC 50

## Automatic Exposure Control in CT

CT AEC 50 is used for constancy testing of CT AEC systems.

CT AEC 50 includes:

- 6x PMMA ellipses of 50mm thickness (different height and width so that they can be re-configured into any order)
- 2 x sturdy end plates with integral carry handles and adjustable height and length nylon supports
- Spirit level and pigment-filled centre markings (for easy and reproducible positioning)
- Wheeled protective storm case with telescopic handle
- FREE software.
